About UNHCR

Established in 1950, UNHCR, the UN Refugee Agency leads international action to protect people forced to flee their homes because of conflict and persecution. We deliver life-saving assistance like shelter, food, water, and develop solutions that ensure people have a safe place to call home where they can build a better future. We also work to ensure that stateless people are granted a nationality.

Telling the Real Story (TRS) Information Campaign

UNHCR launched the awareness raising campaign, Telling the Real Story (TRS), in 2015, as part of a multi country initiative aimed at providing truthful and trustworthy information to refugees and other persons of concern in mixed flows. The purpose was to empower target audiences (asylum-seekers, refugees and other people on the move) to make informed decisions about their future, their immediate courses of action, and the risks associated with their choices; decisions based on facts rather than on smugglers' and traffickers' narrative or misinformation from the diaspora.

It is the peer-to-peer aspect of communication that constitutes the guiding thread of the project and is built on two premises. Firstly, that communication that is carefully attuned to the information needs of the community are often more widely heard than institutional messages. Secondly, that information must reach people as they move.

TRS Football and Volleyball Project

TRS in Khartoum organises two-times a week football and volleyball for Eritrean and Ethiopian youth. At every session, 20 females are first allowed to either play football or volleyball for two hours and thereafter 20 males get to play football or volleyball for two hours. Besides being a safe space for refugees to socialize and play sport, this also presents an environment where the participants are allowed to express themselves while sharing and receiving information on smuggling and trafficking in Sudan.

TRS is currently looking to rent an indoor space until the end of April, 2022, which can be used for both volleyball and football.

Requirements:

- The space should be indoors since, especially for the female participants, they feel more comfortable.
- The space needs to offer football goals and volleyball nets, so that it can switch easily from being either a football or volleyball pith to the other.
- The space needs to be available at set dates, two times a week for 4 hours per session.
- Dressing room needs to be available.
- The space should be cleaned and prepared for the decided sport before each session.
- The space should geographically be as suitable as possible for participants mainly from Jireef, Deem and Sahafa.
