

Supplier’s Commercial and Technical Capacities

Purpose:

This form is designed to systematically gather comprehensive information for evaluating potential suppliers' commercial and technical capacities. The objective is to assess suppliers' ability to meet our organizational needs, ensuring they can provide quality products or services in a reliable, cost-effective, and technologically competent manner. This evaluation will inform decision-making processes for supplier selection, contract negotiations, and partnership development.

Instructions:

Please provide detailed and accurate responses to all sections of this form. Where applicable, attach supporting documents to substantiate your answers. The information collected will remain confidential and will be used solely for the purpose of evaluating your commercial and technical capabilities.
