## CARE International in Sudan

### Terms of Reference (ToR) and Scope of Work (SoW) for the Provision of Improved Ground Nut and Sorghum seeds, Tools and Inputs for Program Participants in South Kordofan under PRIME Project

**Project: Promoting Inclusive Markets and Economic Empowerment in South Kordofan and East Darfur States of Sudan (PRIME).**

**Activity: 6.1.3.3 Provide access to improved seeds and inputs to 44 groundnut groups** (gypsum, environmentally friendly pesticides) through vouchers redeemable by selected suppliers: 22 groups (22 by 30 members=660 farmers-SK)

**Activity: 6.1.3.4 Provide access to improved seeds and inputs to 44 sorghum producer groups** (environmentally friendly pesticides) through vouchers redeemable by selected suppliers: 22 groups (22 by 30 members=660 farmers-SK)

#### 1. Background: CARE International in Sudan

CARE International Sudan (CIS) has been operational in Sudan since 2009, with humanitarian, early recovery and peace building interventions. Sectors involved include Peace building, WASH, Health & Nutrition, livelihood diversification and Economic Empowerment. Through various donor funding, CARE has been providing lifesaving support and building the resilience of IDPs, refugees and vulnerable host communities in East and South Darfur, as well as South Kordofan and other states. CARE received funding from the European Union to implement the Promoting Inclusive Markets and Economic Empowerment (PRIME) project in South Kordofan and East Darfur States. In South Kordofan, the project is implemented in Al-Rashad, Abujubeiha and Abbasiya localities. The project aims to contribute to sustainable and resilient livelihoods and food security in rural communities in the target states.

#### BACKGROUND OF THE TASK TO BE DONE

The PRIME project intends to: (1) Sustainably increase productivity and profitability of female smallholder farmers in mango, sorghum, groundnut, and other nutrition-sensitive value chains using agroecological practices, (1) Create sustainable decent employment and income-earning opportunities for female and youth small-holder farmers through viable market linkages and value chains in rural and food insecure areas of South Kordofan and East Darfur States; (3) Increase women/youth leadership in managing community resources and sustainable access to

natural resources, contributing to food security and mitigation of conflicts over resources in South Kordofan and East Darfur States.

In South Kordofan, CARE intends to procure sorghum seeds, ground nut seeds, tools and inputs to support producer groups in Abugibiha, Rashad, and Abassiyia localities. 6 groups of sorghum, comprising 180 women and 6 groups of groundnuts comprising 180 women will be supported. 3 villages are targeted for support in each locality.

#### **JUSTIFICATION FOR THIS TASK/ACTIVITY**

With this support, CARE will sustainably increase productivity and profitability of female smallholder farmers in sorghum and groundnut value chains, create sustainable decent employment and income-earning opportunities for female and youth small-holder farmers through increased production, viable market linkages and value chains in rural and food insecure areas of Abugibiha, Rashad, and Abassiyia localities in South Kordofan state.

**OVERALL OBJECTIVE:** To provide Improved seeds, tools and inputs to women's producer groups engaged in groundnut, and sorghum value chains Abujubeiha, Rashad, and Abassiyia localities in South Kordofan state.

#### **SPECIFIC TASKS, OUTPUTS, AND TIME FRAME**

Procure, deliver, and distribute ground nut and sorghum seeds, tools and inputs to small holder producer groups in South Kordofan in Abujubeiha, Rashad, and Abassiyia localities. The locations for the delivery and distribution of seeds are determined by CARE program staff. The task is expected to be commence on May 15<sup>th</sup>, and to be completed by June 15, 2025.

#### **METHODOLOGY**

- The program suggested to the procurements process through the tender in web site
- Procurement of seeds, tools and inputs for direct distribution to women's producer groups. The vendor is expected to deliver the seeds, tools and inputs to the final destination in the localities of Abujibeiha, Rashad, and Abassiyia localities, in locations determined by CARE program staff.
