Fuel Supply Long Term Agreement for Vehicles and Generators in the Republic of Sudan (July 2026 – June 2027)

1. Background

World Vision a child-focused organization, our goal is to see children reach their full potential. We don't just want children to survive, we want them to thrive! We began working in Sudan in 1983, our programmes were initially operational until 1988. In June 2004, we resumed operations, in response to the Darfur Crisis.

World Vision Sudan provides both lifesaving and long-term support, complementing the efforts of government and other humanitarian partners. In Sudan, we implement programmes in a range of sectors including health and nutrition, Water, Sanitation, and Hygiene (WASH), food security and livelihoods, child protection and safeguarding. We remain committed to our vision of life in all its fullness for all children. By 2025, World Vision Sudan will contribute to the well-being of 2.1 million most vulnerable boys and girls in Sudan.

2. Objectives

- Ensure timely and cost-effective fuel supply for WV generators and vehicles.
- Maintain quality fuel standards to protect engine performance.
